Minor Degree Course

Proposed structure of the program

Concept of Minor Degree:

- With a view to enhance the employability skills and impart deep knowledge in emerging areas which are usually not being covered in Undergraduate Degree credit framework, AICTE has come up with the concept of ‘**Minor Degree**’ in emerging areas.
- AICTE approval is not required for offering Minor Degree/Hons. in any such area, however the criteria is “Minor Degree or Hons. will cumulatively require additional 18 to 20 credits in the specified area in addition to the credits essential for obtaining the Undergraduate Degree in Major Discipline (160-165 credits)” as specified in the University regulations in force.

Definition of Credit:

1 Hr. Lecture (L) per week	1 Credit
1 Hr. Social (T) per week	1 Credit
1 Hr. Practical (P) per week	0.5 Credit
2 Hours Practical (P) per week	1 Credit

Minimum credits to fulfil – 18
