QS World University Rankings-Asia-2022	351-400
Times Higher Education World University Rankings-2022.	1001-1200 Rank in University and 601-800 Rank in Engineering

ABOUT DEPARTMENT OF VIROLOGY, SVU

- The Virology Department at SV University was recognized by UGC in 1987 and established in 1988 with **Prof. M.V. Nayudu** as founder Head and **Prof. P. Sreenivasulu** as reader.
- Dept. of Virology at SV University is first of its kind to offer M.Sc., and PhD programs in Virology among Indian Universities.
- The Virology department provides a stimulating research environment for a highly interactive group of investigators that covers high quality research on the biology, transmission, genetics, pathogenesis and diagnosis and management of viruses that cause diseases to microbes, plants, animals and human beings.

Theme of the Webinar

- Currently, an outbreak of highly contagious respiratory Coronavirus Disease 2019 (COVID-19) caused by Severe acute respiratory syndrome coronavirus -2 (SARS CoV-2) is spreading at alarming levels with increasing mortality rates and creating a major problem to global health and economy. SARS-CoV-2 belongs to the genus *Betacoronavirus* in the family *Coronaviridae*. Since its emergence, research articles on virus origin, clinical signs, genetics, pathogenesis, epidemiology, diagnosis and management are published globally at an unprecedented rate.
- At this juncture, Department of Virology, Sri Venkateswara University, Tirupati took a step to create a virtual platform for faculty, research and M.Sc., students from various universities across the country to get a deep insight and thorough knowledge on “**COVID-19: Advances and Remaining Challenges**” through the lectures by eminent and renowned Doctors and Scientists from reputed institutes.
- More emphasis will be given to have a question and answer session after each invited talk.
