Sl.No.	Minutes of Meeting
1	Review of Memorandum Of Association
	Review of Memorandum Of Association is generally discussed and following are the important clauses discussed and agreed in the general body meeting.
	In general, MOA is found to be adequate and approved, However there are suggestions regarding Rules and Regulations.
	RULE No.1. Jurisdiction of the area of operation: This Association is having Jurisdiction to operate throughout India. Other chapters can be floated at different locations as an affiliate of this Association. However, all the chapters should work in collectively for the benefit of the SVUCE. It is suggested to avoid duplication of Independent Registration in future and all the chapters can use the Tirupati registration as a Mother Organisation and function as affiliated chapters. As Hyderabad Chapter is already registered and functioning independently, the same can be continued as a special case.
	RULE NO.3 . Membership: It is suggested to include Students and Faculty members(Who are not Alumni of SVUCE) to strengthen the association. It is approved to have 3 types of memberships instead of only one type of membership. It is agreed that Students and Faculty members are to be registered as co-opted members without any voting rights. The suggestion is approved as given below.
	Life Member: All the students who have admitted and completed a period of one course are eligible for Membership.
	Student Member: All the students who have admitted any one course/program are eligible for Membership. Once, the student completes the course/program, they are eligible for registration as a Life Member.
	Faculty Member: All the faculty members Who have joined SVUCE as a faculty member and not studied at SVUCE. Membership will be ceased once Faculty leaves SVUCE.
	RULE NO.4. Enrolment of Membership: Up to the Batch of 1992-94, there was a system of getting to undertake from the outgoing student to adjust his Caution Deposit as a membership fee. The system is discontinued from Batch 1993-95. Hence for the students up to batch 1992-94, there is no requirement of membership fee and they can enrolled without any membership fee. All the members present during the meeting requested present Principal , Prof . Pradeep Kumar who was present in the meeting to restore the old system of adjusting the caution deposit towards membership. Prof Pradeep Kumar has promised to restore the old system of enrolment. Hence, it is decided that until the restoration of the old system of enrolment, the members can be enrolled with a membership fee of Rs.500/- . This is applicable to the batches starting from 1993-95 to the batch, prior to the batch which the old system of enrolment is restored. As the students up to batch 1992-94 have already paid the registration fee in the form of adjustment of caution deposit. There is no fees to be collected from either Student members or Faculty Members as they are co-opted members.
	RULE NO.5. Voting Rights: All the Life Members are eligible to Vote. There is no Voting right for all Student and Faculty Members.

	RULE NO.22. Annual General body Meeting: It is suggested that AGM should be conducted before 31st March of every year instead of April. Need to verify with the authorities and to take appropriate action accordingly to amend the clause.
	RULE NO.22.3.g. Quorum for AGM: Members felt that there is no requirement of quorum for AGM, it is only for Executive committee meetings. Need to verify the requirement and to take appropriate action. However , if quorum is applicable for AGM ,all the members present agreed to have minimum no of 30 members as a quorum for conducting AGM.
	General
	Col. Mahadeva Reddy has sent a detailed 2 page comments suggesting modifications in the text of the different clauses to have a better understanding of the clauses and right literature.
	It is also suggested to change the name of the Bank account or open the new bank account as the case may after discussion with Bank officials. In case of new account, the amount can be transferred to the new account.
	With the above inputs, AGM authorised the Executive committee to amend the different clauses as suggested above and submit to the same to Registrar of Societies.
2	Other Important points discussed;
	a) Col Mahadeva Reddy from 5th Batch handed over a Cheque for Rs.52,000/- , balance amount remained after meeting the 5th Batch ALUMNI meet.
	b)Prof G S Krishnamurthy, also announced to transfer the balance amount remained of the earlier Alumni meets.
	c) It is suggested that initiative to provide Civil Infrastructure like class rooms etc for the students should be taken up by college itself and not by Alumni Association. However other facilities like Hostels, Toilet blocks etc can be provided by Alumni Association from the donations of the members.
	d) It is also suggested that Initiative of Conducting Diamond Jubilee celebrations should be taken up by college and Alumni can support the activity.
	e)It is suggested that Executive committee size can be increased in future.
	f) It is suggested that the Winding up procedure for the Old Association should be verified and appropriate action can be taken.
	g) It is suggested to include students in to the Alumni activity by co-opting them as a member, which is considered and agreed by all members.
	h) It is suggested to find the way to capture the details of Alumni and the permanent register to be maintained.
	i) Girls students represented to the AGM for the facilities like new Girls Hostel and Water shortage at present Hostel. Alumni to work on these problems to solve these issues.
	J) It is proposed to have an election to the office bearers of the association on 26th Jan 2019 Alumni meeting.
