About the International Conference

Children's Day, celebrated on November 14, is recognized across India to increase awareness of the rights, care, and education of children. The day is also celebrated as the Birthday of India's First Prime Minister, Jawaharlal Nehru. Fondly known as "Chacha Nehru" among children, he advocated for children to have fulfilled education. Nehru considered children as the real strength of a nation and the foundation of society. The nation usually celebrates

Children's Day with educational and motivational programs held across India by and for children. The main objective of the conference is to understand the critical role of education in child development and to identify various approaches, issues and challenges.
