

STRUCTURE OF THE COURSE:

The department offers M.A regular course under Choice Based Credit System, where each student can choose papers of their own interest.

LIBRARY:

The central library has 1550 text / reference books. In addition to central library the department library has 110 text / reference books and 38M.Phil &Ph.d Thesis.

Extension Activities:

Freshers Day

Tree Plantation

Teachers Day Celebrations

Department Library

Students Farewell Function

Clean & Green Programme

Sri Venkateswara University
Tirupati

DEPARTMENT OF ECONOMETRICS

VISION :

- The department is committed to the advancement of knowledge and learning in the field of econometrics. The department shall make every effort to become an excellent one in teaching and to make the students and researchers professionally competent in Econometric tools to meet the needs of the nation.

MISSION :

- To provide our students with effective teaching and outstanding research techniques;
- To make our students to understand microeconomic and macroeconomic concepts, and their applications quantitatively.
- To make students and research scholars professionally competent in application of econometric tools.
- To promote leadership qualities among students.

ABOUT THE DEPARTMENT

The Department of Econometrics was started as an interdisciplinary course in 1976 and the department attained the status of an independent full-fledged department in March 1985. There is increasing application of quantitative techniques to various branches of economics in recent times. The use of quantitative tools in economics makes the traditional economic theory more precise and abstract. Hence, a comprehensive course with economics as the core subject and subjects like mathematics, computers as the supporting subjects, which strengthen the quantitative base of the economic theory, is necessary for the present day student.

HEAD OF THE DEPARTMENT & BOS :

Dr. J.M.J. Vinodini
