

Research Projects

Title	Funding Agency	Duration	Amt.	Status
MST Radar Signal Processing using Wavelets & harmonic decomposition techniques.	Indian Space Research Organization (ISRO) under Research Sponsored Scheme	1 year 2009-10	5 Lakhs	Completed
Radar Signal Processing Techniques for Meteor Detection Using wavelets	DRDO, New Delhi Project Investigator	2 Years 2012-14	10.27 Lakhs	Completed
Centre for Atmospheric Remote Sensing (Under TEQIP 1.2.1)	MHRD, New Delhi Coordinator	3 years 2013-16	5.0 Crores	Completed
MST Radar Signal Processing using EMD and HHT	ISRO under RESPOND Scheme Co-Investigator	2 Yrs 2015-17	18 Lakhs	Completed
