Conference OBJECTIVES

▪ Aims to bring together researchers from academic and industrial institutions and engineers who work in these fields from various locations to discuss new directions, developments, and findings in the field of Data Science and Applications.

• This conference will be an ideal platform for the experts and young researchers to dispense their research findings in the area AI branch of computer science by which we can create intelligent machines which can behave like a human, think like humans, and able to make decisions . AI makes it possible for machines to learn from experience, to perform human-like tasks. These machines make decisions which normally require a human level of expertise.

WHO CAN APPLY

Academicians, Researchers, PG Students, Professionals from R&D and Industries are encouraged to submit articles.

RESOURCE PERSONS

Eminent speakers from academic institutions as well as renowned specialists and domain experts from leading software industries and R & D organizations will deliver special lectures on the mentioned fields.etc.

CONFERENCE TOPICS

Track 1: Data Science

- Data Science & machine Learning
- Big Data Analysis
- Deep learning
- Project management & Risk management
- Intelligent Information Retrieval
- Data Resilience Assessment. Engineering
- Knowledge Engineering
- Multimedia & Document Security
- Big Data security
- Algorithms for Large Data Sets
- Information Discovery & Query Processing
- Data Centric Programming, Data Modelling & Semantic Engineering & Web Engineering

Track 2: ARTIFICIAL INTELLIGENCE

- Problem Solving by Searching
- AI and ML learning algorithms,
- Types of AI and ML, AI and ML Approaches,
- Machine Learning Techniques,
- Neural Networks,
- Machine Learning Tools,
- Computer Vision
- Expert system,
- Reinforcement Learning
- AI Quantum Computing,
- Health care,
- Autonomous vehicles.
- Natural Language Processing
- Natural Language for Communication
- Perception
- Robotics

TOPICS MAY NOT BE LIMITED TO ABOVE

IMPORTANT DATES

Paper Submission Deadline

: **29 October , 2022**

Notification of Paper Acceptance

: **02 NOVEMBER 2022**

Final Paper & Copyright Form and Registration

: **05 NOVEMBER 2022**

Conference Dates

: **18-19 NOVEMBER 2022**

PAPER SUBMISSION

High-quality full-length papers in Information Security and Data Security in Cloud Computing areas are solicited. Authors are expected to ensure that their final manuscripts are original and are not appearing in other publications. Paper should be limited to 6 pages and submitted in IEEE A₄ Conference format(Double Column)Template. All submissions will be handled Electronically. Accepted and Registered papers will be published in the RADSAI2K22 Proceedings. Participants are requested to submit to original research papers are to the E-mail: radsai2k22@gmail.com.

PUBLICATION

Accepted original Research papers will be invited for publication in **UGC CARE List, Web of Science, SCOPUS Indexed Journals** with publication cost which excludes registration fee.

REGISTRATION FEE (Per Delegate)

Delegate from Industry/academics : Rs 2,500/-
Research scholars : Rs2,000/-
Student Delegate : Rs1,500/-
Foreign Author : \$ 150

REGISTRATION

Interested participants must send the filled registration form available in the brochure and payment slip or the Demand Draft drawn in favor of "The Convener, RADSAI2K22" payable at Tirupati or Online payments can be paid to
