**A TWO - DAY NATIONAL CONFERENCE ON
EMERGING TRENDS OF MATHEMATICS IN
ENGINEERING AND APPLIED SCIENCES
DECEMBER 22-23, 2023**

**ORGANIZED BY
DEPARTMENT OF MATHEMATICS
SRI VENKATESWARA UNIVERSITY
TIRUPATI - 517502, A.P.**

OBJECTIVES:

It is well known that Mathematics plays an important role in solving real world problems related to different branches of Science, Engineering, Technology and Medicine. Recently Emerging Trends in Mathematics is a topic of widespread interest because of its efficiency in suggesting solutions to complex realistic problems where the experiments are very limited, expensive and sometimes not possible. The main objective of the organizing this conference is to discuss recent trends in various fields of Mathematics such as Algebra, Fluid Dynamics, Graph Theory, Numerical Methods and Mathematical Modeling. This Conference will provide an opportunity to interact with experts and to exchange views about the many inventions and innovations that are taking place from time to time in the above fields. The conference will include presentations of research papers and invited talks by distinguished academicians from various institutions.

ABOUT UNIVERSITY:

Sri Venkateswara University was established in 1954, in the world famous temple town of Tirupati on the sprawling campus of 1000 acres with a panoramic and pleasant hill view. The University has grown excellently from strength to strength over the past sixty nine years, as a premier institute of higher learning under the able and committed leaderships of successive Vice-Chancellors starting from Prof. S. Govindarajulu to the present Vice-Chancellor Prof. K. Raja Reddy. Right from its inception, the University has been laying more emphasis on teaching, research and extension activities in different subjects. The range of subject departments, courses and research programmes undertaken and promoted during last sixty nine years reflect the Sri Venkateswara University's commitment in

promoting socially relevant and inter-disciplinary programmes. Based on impressive progress it has made in the fields of higher education and research, the National Assessment And Accreditation Council (NAAC), Bangalore accredited the University with "A+" Grade. To fulfil this task the university has persuaded the departments and faculty members to tap major research projects from the central funding agencies. As a result seventeen departments received DRS/DSA research grants from UGC, New Delhi and six departments received FIST programmes from DST, New Delhi. Apart from these, DST New Delhi has given funds to establish PURSE centre in S.V. University to carry out advanced research in identified thrust areas. Further, Physics and Anthropology departments have received funds from UGC, New Delhi under Centre for Advanced STUDIES(CAS) programme. The University has been moving forward in achieving academic excellence with a strong commitment and dedicated approach, by clearly setting up of a vision of its own.

ABOUT THE DEPARTMENT:

The Department of Mathematics of Sri Venkateswara University was one among the first six departments started in September, 1954. The Department had the good fortune of being lead by the renowned Indian mathematician Prof. R. Vidyanaatha Swamy. We are pleased to inform you that UGC has sanctioned SAP-DRS-I & II and DST-FIST programs for the department. The department has made many strides and established a multi – dimensional growth in the fields of Algebra, Graph Theory, Fluid Dynamics, Cryptography, Operation Research and Theoretical Computer Science.

SUBMISSION OF RESEARCH PAPERS:

Original research papers in any field of Mathematics are invited for presentation. The abstract for paper presentation not exceeding 500 words is to be submitted in TIMES NEW ROMAN, 12.5 pt. (hard and soft copy) on or before November 30, 2023, through E-mail: nctmeas2023.svu@gmail.com The Registration fee Rs.700/- per person Account Transfer Details are given below.

ABOUT THE INSTITUTE

The National Institute of Technology (formerly Regional Engineering College), Warangal, established in the year 1959, is the first among the 31 NIT's in the country setup as joint venture of the Government of India and the state government. Over the years the college has established itself as a premier Institution imparting technical education of a very high standard. It is located on the Hyderabad – Warangal National Highway at a distance of 3 kms from Kazipet Railway station and 12 kms from Warangal Railway station. Participants are advised to alight either at Kazipet or Warangal depending upon the train of travel.

ABOUT THE DEPARTMENT

The Department of Mathematics is a highly reputed Departments which functions with excellence as its motto. The Department was started in the year 1959 along with other Engineering and Science Departments and has established itself as a dynamic center for academic and research activities. In addition to the teaching of courses in Mathematics for B.Tech. and M.Tech. Programs service courses, institute level PhD and minor course, the Department offers two P.G. Programs, M.Sc. (Applied Mathematics) and M.Sc. (Mathematics and Scientific Computing) and one Integrated MSc (Mathematics) program. The department offers PhD degree and at present, 50 Research Scholars are working for their Ph.D.

OBJECTIVE

The objective of this international conference is to bring together academicians, researchers and leading scientists to exchange innovative ideas, methods and results, and discuss recent developments and visions of the future related to the general theme of computational modeling in science and engineering. This conference will focus on the invited talks on latest areas, presentation and discussion of most recent innovations, trends and concerns, practical challenges encountered and its relevance in science and engineering. The deliberations at the conference are expected to influence the current researchers regarding their pursuits. This conference is arranged in honor and on the eve of superannuation of Prof Y.N. Reddy.

CALL FOR PAPERS

Authors are invited to submit the Full Papers, not exceeding 8-pages in MS word format (soft copy) and neatly typed on A-4 size paper. Each manuscript will undergo a peer review process. The contributed papers must be original and should not have been published/accepted in journals/proceedings. Upon the notification of acceptance, the author will have to submit final copy of the paper, copyright transfer agreement and registration fee on or before the last date.

ICCMSE – 2023 is planning to bring out Conference Proceedings in a book (free of cost) by SPRINGER / CAMBRIDGE PRESS or a special issue of SCOPUS/SCI indexed journal with APC. Plagiarism in any form is unethical and unacceptable. In order to ensure that the content submitted is original and trustworthy, a similarity check will be done.

TOPICS OF INTEREST

Topics of the conference, but are not limited to, are the following:

- **Mathematical Modeling & Differential Equations**
- **Fluid Mechanics, Computational Fluid Dynamics, Heat Transfer and Thermodynamics,**
- **Mathematical Biology**
- **Mathematical, Complex & Functional Analysis**
- **Operator theory, Number theory, Graph Theory**
- **Algebra, Linear Algebra, Cryptography, Networks**
- **Financial and Industrial Mathematics,**
- **Fuzzy Sets & Logic, Optimization & Control**

BEST PAPER AWARD

To encourage the young researchers below the age of 35 years, Prof. Meenakshi Sundaram Memorial Best Paper in Applied Mathematics & Prof U.M. Swamy Best Paper award in Mathematics will be given as per following rules

1. The paper should be of a single author with novel ideas.
2. The author shouldn't exceed the age limit of 35 years by 30-01-2023

ABOUT APTSMS

The Andhra Pradesh Society for Mathematical Sciences (APSMS) was found three decades ago with initial efforts of Late Prof. N.Ch. Pattabhi Ramacharyulu, the then Professor of Mathematics, Regional Engineering College, Warangal, and Prof. P.V. Arunachalam, the then Professor of Mathematics, Sri Venkateshwara University, Thirupathi, & Former Vice Chancellor, Dravidian University. Since its inception, the APSMS has grown in size and important. It has been successively and successfully organizing its annual congresses, providing a forum for research workers, young and old, to present their finding and for reviewing the state of the art in their specialized areas of Mathematical sciences besides bringing together academics for camaraderie and intellectual interaction. APSMS has been renamed as APTSMS (Andhra Pradesh Telangana Society for Mathematical Sciences) in 2018. For list of Endowment lectures of APTSMS and other details, please visit aptsms.org

**WORLD YOUTH SKILLS DAY 2022
CELEBRATION @ SVU**

DR. NEERAJA PADIGAPATI

The World Youth Skills Day is celebrated at SV University by RUSA team along with 'Institutions Innovation Council' SVUCE and Department of EEE, SVUCE to promote the world Youth skills Day 2022 theme. Dr. Neeraja Padigapati, an Organizational Psychologist, experienced in understanding industrial requirements and life transitions. Leverages practical experience and relates to theoretical constructs for students. Dedicated to student success and possessing strong communication, supervisory and instructional abilities. She was the guest speaker on the occasion.

"Learning and skills for life, work, and sustainable development".

The day is marked to emphasise on the need of continuous learning of new skills to stand special in a crowd of competitors in this era of Global competition. The theme itself suggests that it is important to equip yourself with essential skills for employment, entrepreneurship and work.

We have identified the students possessing special skills and talents and certified them along with a small token of appreciation. Prof Gowri Manohar HOD of EEE, and Prof. Ramashri Dean Innovations from ECE department of SVUCE contributed their precious time.

Brief Report
One day National online workshop on
“Selection of UGC Care/ Web of Science/ Scopus
Journals for Publication of Research Papers”
organizing by

Dept. of Population Studies & Social Work, S.V.University, Tirupati, A.P-517502.

Importance

Academic research publishing is an integral aspect of scientific and technological progress. Innovations and developments in human knowledge are communicated to the general public through the publication of the findings from the latest research studies. It is essential that this knowledge be precise, authentic, reproducible, and also actionable. Many aspiring social science researchers dream of having their work published in high-impact journals such as those listed in the esteemed **UGC-CARE List Group-I and UGC-CARE List Group-II (Web of Science and /Scopus)** Journals. To make these dreams come true, it is vital to follow the fundamental principles of scientific research and publishing.

Picking of the right UGC-CARE List Group-I and UGC-CARE List Group-II (Web of Science/ Scopus) Journal for research publication.

Choosing an appropriate journal from the massive list of UGC-CARE List Group-I and UGC-CARE List Group-II, Journals indexed in globally recognized databases i.e. **I. Web of Science** (1. Arts & Humanities Citation Index. 2. Science Citation Index Expanded and 3. Social Sciences Citation Index) and **II. Scopus Journals** are of the most crucial and daunting aspects of publishing scientific work. Luckily, for those judging the quality of the research work and its place in the hierarchy of scientific journals isn't an easy task and requires considerable know-how. Researcher should be familiar with his/her domain and be aware of what has already been published and what has not been published. Researcher should therefore be able to situate his/her work on the uniqueness scale, the impact scale, and the significance scale. High-impact journals wish to publish innovative findings that have a major impact on a field. This is what defines high priority. They don't want to publish confirmatory studies that simply replicate first or second published papers. Researcher also got to be honest about the quality as well as the impact of his/her research. It is important to understand that just by being listed in the UGC Care List-I and **UGC-CARE List Group-I and UGC-CARE List Group-II (Web of Science/Scopus)** a journal shouldn't necessarily be a part of researcher consideration. If researcher looking for a journal that has a smooth,

speedy, yet stringent editorial check, peer review, manuscript revision, and publication process, then researcher has to submit the manuscript to any one of UGC Care listed journals publications. Having a wide global reach and healthy readership base, the researchers are guaranteed to have the research read by millions.

Keeping in view the importance of research publications in care list journals, the Dept. of Population Studies & Social Work is planning to conduct One day online workshop on “Selection of UGC Care/ Web of Science/ Scopus Journals for Publication of Research Papers”

The workshop covers

1. How to Register for UGC Care website
2. Login
3. List of Cloned Journals UGC-CARE Group-I
4. UGC-CARE List Group-I
5. Quick Search (UGC-CARE List Group-I)
6. List of Cloned Journals UGC-CARE Group-II
7. UGC-CARE List Group-II
(Journals indexed in globally recognized databases.(These journals are part of UGC-CARE List as Group-II and searchable through following links).
8. Web of Science
 - a. Arts & Humanities Citation Index (Total Journals-.24,990)
 - b. Science Citation Index Expanded
 - c. Social Sciences Citation Index.
9. Scopus (Total Journals-46,702)
(Scopus Source List)
10. Delisted Journals from Group-II

Importance of Programme

Academic research publishing is an integral aspect of scientific and technological progress. Innovations and developments in human knowledge are communicated to the general public through the publication of the findings from the latest research studies. Choosing an appropriate journal from the massive list of **UGC Approved journals** from UGC Care Group-I and Group-II (**Web of Science/ Scopus**) **Journals** is one of the most crucial and daunting aspects of publishing scientific work. Researcher should be familiar with his/her domain and be aware of what has already been published and what has not been published. Researcher should therefore be able to situate his/her work on the uniqueness scale, the impact scale, and the significance scale. High-impact journals wish to publish innovative findings that have a major impact on a field.

Brief Report of Workshop

On June 19, 2024, the Departments of Population Studies and Social Work, along with the Department of Library Science at Sri Venkateswara University (SVU) organized a comprehensive workshop on how to Publish “*Research papers publications in UGC Care Group-I and Group-II (Web of Science / Scopus Indexed) Journals in Humanities / Social*

Science." The workshop was held at the SVU Arts Block Auditorium and saw active participation from faculty members, academic consultants, research scholars, and students. All

Inauguration and Presidential Address

The workshop commenced with an inaugural address by Prof. G. Padmanabham, Principal of SVU College of Arts. In his address, Prof. G. Padmanabham emphasized the critical importance of publications in UGC-CARE journals. He highlighted that such publications significantly contribute to academic development and are beneficial for researchers and academicians in enhancing their scholarly profiles.

Objectives and Necessity of the Workshop

The primary organizers, Prof. T. Chandrasekharaiah and Prof. D. Sai Sujatha, provided insights into the main objectives and the necessity of conducting this workshop. They explained that the workshop aimed to:

1. Educate participants on identifying and selecting appropriate UGC-CARE listed journals for publishing their research.
2. Provide guidance on the process of preparing and submitting research papers to these journals.
3. Enhance the understanding of various academic indexing platforms and their relevance to career development.

Resource Persons and Sessions

The workshop featured two eminent resource persons who delivered detailed presentations on various aspects of academic publishing.

Dr. Prashantakumari conducted an enlightening session on how to verify whether journals are listed in the UGC-CARE list. She provided a step-by-step guide on searching journals, understanding their scope, and ensuring they meet the required academic standards. Her session was instrumental in helping participants discern credible journals from predatory ones.

Prof. G. Narasimha's session focused on the utilization of academic platforms such as Scopus, Web of Science, Social Science Indexing, ORCID, Google Scholar, and Research Gate. He demonstrated how these platforms can be effectively used for tracking citations, networking with fellow researchers, and enhancing one's academic visibility. Additionally, he shared practical tips on maintaining a robust research profile and leveraging these tools for career advancement.

The workshop saw enthusiastic participation of Academic Consultants from various departments teaching staff of the university, academic consultants, research scholars, and students also attended in large numbers, engaging actively in the discussions and Q&A sessions and participants have given quality feedback with some suggestions.

Towards the end of the workshop, certificates were awarded to all participants, acknowledging their active involvement and commitment to enhancing their academic and research skills.

Programme Outcomes

From the workshop on "UGC-CARE Journals in Humanities and Social Sciences, the participants benefited on how to choosing an appropriate journal from the massive list of UGC Approved journals from UGC Care Group-I and Group-II (**Web of Science/ Scopus**) Journals for publication of research papers. They gained a step-by-step guide on searching journals, understanding their scope, and ensuring they meet the required academic standards. Her session was instrumental in helping participants discern credible journals from predatory ones. Also gained knowledge on utilization of academic platforms such as Scopus, Web of Science, Social Science Indexing, ORCID, Google Scholar, and Research Gate. The insights shared by the resource persons were highly appreciated and are expected to significantly benefit the attendees in their future research endeavors. In nutshell, the workshop provided invaluable knowledge and practical skills to the participants. It underscored the importance of publishing in reputable journals and utilizing academic platforms for career growth.
