LET US GIVE BACK SOMETHING
USEFUL TO THE COLLEGE WHICH
HAS GIVEN US GOOD LIFE

WOMEN'S
HOSTEL

Sri Venkateswara University College of Engineering was established in the year 1959 inside the University Campus, at the foot hills of Tirumala. The College, practically started with no infrastructure. Pundit Jawaharlal Nehru, the first Prime Minister of India, laid foundation on October 13, 1959 for permanent buildings and was declared open on November 21, 1968 by Sri K. Bramhananda Reddy, the then Chief Minister of Andhra Pradesh. The College started functioning in the Main Building by 1968, with additional wings for Civil Engineering, Electrical Engineering, Mechanical Engineering. Subsequently, with new disciplines like Electronics and Communication Engineering, Computer Science and Engineering, Chemical Engineering were added with their own wings and infrastructure. As time passed on Post Graduate Courses, FDH, Diploma Entry Courses, Integrated Post Graduate Courses and Ph D Programmes started in the College and the infrastructure had been gradually added. Student strength of 120 intake in 1960's has gone up so much and as on now the student's strength is 396 in first year and 36 added in second year with diploma background. In the initial stages, with no Hostel Facilities of our own, the boy students were accommodated in University Hostels.

The first two Girl students who joined the Engineering College in the year 1963, were also accommodated in the University Women's Hostel. In 1969, two separate hostels have come up for Boy students and they are comfortably placed, but no such separate hostels for the engineering Girl students as their number was very very less.

1. Number of girl students increased over years
2. At present the number of girls in each class are outnumbering boys
3. Though the hostel facility is available for girl students, it is not adequate as the total number of girl students are more than 600
4. On earlier occasions girl students and lady faculty have represented the issue to the Alumni Association and in turn brought to the notice of university authorities.
5. University showed concern and allocated land to Alumni association for this purpose
6. SVUCE alumni association Tirupati and Hyderabad chapter have joined hands in this endeavour
7. Some of the donors are coming forward. As it is a big project all interested should contribute their might to make it a reality
8. A building committee is formed and others interested to serve this project can be co opted to take the project forward
9. IT exemption is available
10. Let all of us join and make an indelible mark by initiating and completing the project

Women's Hostel building is proposed and following are salient features of building:

- Three students per room
- Ground Floor (40 rooms)
- First Floor (44 rooms)
- Second Floor (44 rooms)
- Third Floor (44 rooms)

Phase 1 will be Foundation, Ground floor and First floor

Estimated cost of project for Foundation, Ground floor and First Floor is Rs.12.00 crores (Approx)

Donation details

- A) For one room Rs.10 lakhs to be donated. The donor name as per his choice will be exhibited on front wall of the room. One person or group of persons can donate the above amount.
- B) If any Donor or Batch donates 2 crores, one wing will be named after them.
- C) If any Donor or Group of persons donate Rs 5 crores the hostel will be named after them.
- D) The amount can be donated from CORPORATE SOCIAL RESPONSIBILITY funds in two installments ie this year and next year as the building construction will go on during next year also.
- E) Other than alumni, philanthropists also can donate.

General Donations

Donations from Individual Alumni will also be accepted irrespective of the amount. But the names of the Alumni who contributes amount of more than a lakh will be displayed in a "List of donors" which will be prominently displayed at the lobby of the hostel. Name of the Alumni who contributes amount of less than a lakh will be listed in the official website of Alumni.

Please share this among all Alumni through Social Media

◆ PLINTH AREA ◆
