**Awareness Programme on
“Environmental Balance-Challenges” in connection with the WORLD
ENVIRONMENT DAY
on: 01-06-2023
At Centre for Women’s Studies and Centre
for Extension Studies**

The Centre for Women’s Studies and Centre for Extension Studies and the Department of Adult Education in collaboration with SVU-BCDE held a Guest Lecture on “Environmental Balance-Challenges” on 01.06.2023 in S.V. University, Tirupati.

A Guest Lecture given by IAEA [New Delhi] president Prof. K.C. Chowdary discussed the factors influencing environmental degradation. He gave an elaborative overview of the anthropogenic factors leading to climate change, soil degradation, global warming and other such environmental issues. Environmental degradation is a detrimental since it threatens the long-term health of the animals, humans and plants. It is more of a moral obligation for humans to protect the environment from pollution and other activities that lead to environment degradation.

Principal, Prof. G. Padmanabham, SVU College of Arts said that save our environment is every one's responsibility. Vice Principal, Prof. B. Shyam Mohan David Raju said, Adult Education and Extension Studies emphasized the need of generating awareness on protection of environment among people in the society. Retired Prof. P. Adinarayana Reddy said ancient people long ago suggested us how to overcome challenges to protect our environment. Director of Centre for Women's Studies and Centre for Extension Studies Prof. K. Sudha Rani said, the climate change caused by people and its adverse effects on the environment are the most serious global environmental problem facing by us.

Head, Dept. of Adult Education, Dr. R.B. Sathyavathi said, Nature's protection is very important for human development and survival. An edited book released on this occasion. Dr. K. Srilatha Kishori, Dr. V. Jagadeeswari, Dr. P. Suneetha, Dr. M. C. Obelesu, Dr. E. Mahadeva Reddy, Dr. M. Subramanyam, Dr. Manjula, Varalakshmi, Samraj, Umadevi, Harish and students participated in this guest lecture.

NATIONAL SPORTS DAY

NATIONAL WOMEN'S EQUALITY DAY
On 28th August, 2023
At Haripuram Colony, Tirupati

Women's Equality Day, observed annually on **August 26**, marks a global recognition of the ongoing struggle for equal rights and opportunities for women. It serves as a tribute to the universal suffrage movement, celebrates women's advancements, and reinforces the commitment to gender equality.

The theme for Women's Equality Day 2023 is "**Embrace Equity**," echoing through the strategic plan spanning from 2021 to 2026. This theme underscores the importance of achieving gender equality, not just for economic growth but also as a fundamental human right.

Women's Equality Day pays homage to the determination of women's rights activists who dedicated themselves to achieving equality. It acknowledges accomplishments in advancing women's rights and highlights the imperative of attaining genuine gender equality across all aspects of society. This day prompts reflection, raises awareness about prevailing gender disparities, and encourages consistent efforts to combat gender-based discrimination. It urges equal opportunities for women in education, workplaces, politics, and other arenas. The aim is to inspire individuals and groups to actively support gender equality for a more inclusive and just world.

History of Women's Equality Day

Women's Equality Day commemorates August 26, 1920, when women's votes officially became part of the US constitution. This day marks a turning point in the history of the struggle for equal treatment of women and women's rights.

National Women's Equality Day has been celebrated for many years. It was most widely celebrated in 1973. Since then, the United States President has proclaimed the date. The date has been selected to commemorate the day in the 1920s when Bainbridge Colby, who was the Secretary of State at the time, signed the proclamation that gave women in the United States the constitutional right to vote.

In 1920, the day stood for the result of 72 years of campaigning by a huge civil rights movement for women. Prior to movements like these, even respected thinkers such as Rousseau and Kant believed that women's inferior status in society was completely logical and reasonable; women were 'beautiful' and 'not fit for serious employment'.

Every year, Women's Equality Day is observed to recognize the achievements made by women. The day also serves to highlight the steps taken in the direction of achieving gender equality. The ability of women to vote on this day signified a new beginning for them, as well as new prospects and a step toward obtaining equal rights in society. The day offers a chance to evaluate the achievements, increase awareness of the remaining gender gaps, and promote continued efforts to combat gender-based discrimination and guarantee equal opportunities for women in politics, business, and other fields of endeavor.

Women's Equality Day stands as a yearly commitment to recognize achievements, acknowledge ongoing challenges, and work collectively towards gender equality. It's a day to renew our dedication to building a world where women's rights are honored and opportunities are equitable for all. The Centre for Women's Studies in collaboration with the Centre for Extension Studies of Sri Venkateswara University today celebrated **Women's Equality Day** at the Anganwadi Center in Haripuram Colony, Vidyanagar Tirupati on 28th August, 2023.

Prof. K. Sudha Rani, Director of the Centre for Women's Studies and the Centre for Extension Studies, who was the chief guest at the event said that women should be at the forefront in all fields to know their rights, to promote opportunities for women's progress, to promote equal education for all, employment, etc.

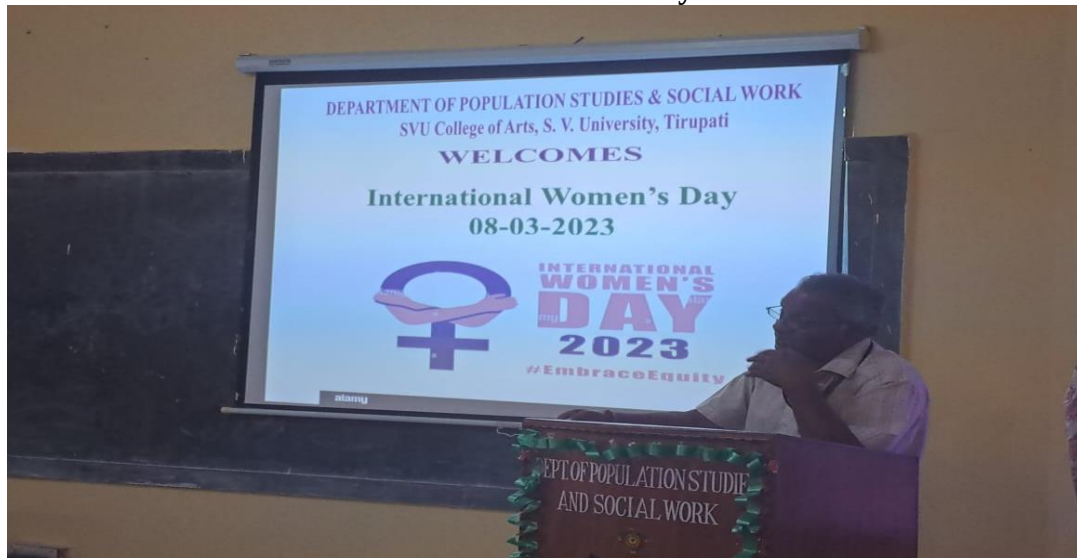

Prof.R.B.Satyavathi, Head of Adult Department, said that teachers are very important in Anganwadi Centers as they play a prominent role in the growth of children and play a key role in teaching them traditional values. **Dr.Thulasi Garu**, Sectoral Officer, said that according to the current conditions, Anganwadi Teachers have been taught to teach gender equality education along with technical knowledge so that education will be shaped in a way that leads to gender equality in children. Anganwadi Teachers and SHG students participated in this program. Dr.D.Ramana, Dr.V.Jagadeswari, Dr.Rajeswari, Dr.K.SrilathaKishori and Dr. Suneetha are the Academic Consultancy of the women's Studies.

World Cancer Day -2023 Rally
